Bombay Suburban Art & Craft Education Society's
L. S. Raheja School of Architecture,
Raheja Education Complex, opposite Colgate Palmolive Ground,
Kher Nagar, Bandra East, Mumbai-400051

Campus Placement Event

L.S. Raheja School of Architecture

L.S. Raheja School of Architecture, Mumbai known for its rigorous curriculum among the Architecture schools affiliated to University of Mumbai has always produced professions who are competent with the knowledge of architecture and are practical in approach with keen sense of feasibility and efficiency. The demand for the graduates from the school by the various firms brought about the idea of hosting a 'Campus Placement Event' for the recently graduating batch of students (academic Year 2018-19). Though campus placement is not made mandatory by the Council of Architecture for the recognized institutions imparting Architectural education, the institution heads realised its importance to bridge the gap between industry and institution. The intent of the event was to create a symbiosis between the two allowing for healthy interaction and keeping the students abreast with the latest from the industry through guest lectures and site visits to various projects covering all aspects of architectural practices.

The class in-charges of fifth year Ar. Meghana Patil and Ar. Arun Fizardo along with Ar. Anmol Warang, Ar. Anuj Gudekar, Ar. Mridula Pillai and Ar. Shradhanand Narkar under the guidance of Ar. Mandar Parab, Principal- L.S. Raheja School of Architecture, announced the event with prior permission from the school's management. The intent of this event was to facilitate the process of placement of students of L.S. Raheja School of Architecture (B' Architecture) through interaction with the participating firms. A total of 35 firms had shown interest in the event and were sent prior invitation letters by the school for the said event.

As the event was scheduled only a month prior to the scheduled date i.e. 8th of June 2019, the number of the participating students was 30 to 35 from a class of 65 on the account of their prior commitments. Each participating student was given one panel (8' x4') each to display their work and were asked to carry copies of their Curriculum Vitae. The event was organised in the ground floor Auditorium of Raheja Education complex and the preparation for the same was done a day prior (7th June 2019) with each participating student displaying their respective work on the panel selected by them on first come first serve basis along with arrangements designed to allow for further discussions between the firms and students.

The Campus Placement Event begun at 9:00 A.M. as per the schedule and was attended by 28 students and coordinated and organised by Ar. Meghana Patil, Ar. Anmol Warang, Ar. Anuj Gudekar, Ar. Mridula Pillai and Ar. Shradhanand Narkar along with Ar. Mandar Parab. A total of 18 from registered firms participated the event along with 2 additional firms who visited the event directly, further couple of firms requested the coordinators for the the portfolios and the curriculum vitae of the participating students for their absence to attend the event.

Among the participating firms that attended the event there was an international firm – UHA London as well as a Mumbai based online International Architecture magazine, Volume Zero Magazine -while few were from Ahmedabad, Gandhinagar along with reputed firms from Mumbai. The varying scale of the firms allowed for the students to understand and explore their scope and role they would be assigned. Each firm interacted with the students as per their preference and offered a further interaction either through an additional interaction at the event and or a formal interview at their respective offices.

The event was a success as many of the participating firms were more than satisfied with the work and understanding of the work that was presented. As well as were happy with the conduct of the students and the event which allowed them to interact with as many students to allow them to make an informed decision especially with the faculty being around as a source to validate the reference. Further they were thankful for the hospitality that the institution provided for the Campus placement event with pure intent of facilitating the industry – institution interaction.
