Dear Mandar Parab,

You should have received an e-mail within the past hour from the UT Austin Graduate and International Admissions Center requesting that you complete an online recommendation for Adhiraj Gorule (EID: acg4453).

This follow-up email has been sent to you as a safeguard in case the previous email was deleted by your mail server. Please check your inbox to confirm you have received the initial request.

If you received that e-mail, there is no need to reply to this message. We look forward to receiving your completed online recommendation.

If you did not receive the e-mail with instructions for completing the online recommendation process, please check your spam folder or any spam-filtering program for the message. If after searching you are unable to find the original message, please reply and we will resend.

Sincerely,
Graduate and International Admissions Center
The University of Texas at Austin

ILLINOIS TECH
Graduate Admission

Discover. Create. Solve.

Dear Mandar Parab,

I have started an application to the Master in High-Performance Buildings program at Illinois Institute of Technology, College of Architecture and request a letter of recommendation from you. My application will be reviewed within the next two weeks and I would greatly appreciate if you could complete my recommendation in this time frame.

Guidelines for Letters of Recommendation

Letters of recommendation should include the following:

- A testament to the applicant's skills, academic ability, and potential for graduate-level studies.
- Specific examples of how the applicant's skills, academic ability, and potential for graduate-level studies have successfully prepared them for their chosen field of study.
- A completed survey detailing including your rating in areas we deem important to be successful in graduate school.

Please complete your recommendation by filling out the survey, and by providing examples of support through our secure website. To submit your recommendation, please use the link below. This link is unique to this recommendation and should not be shared or forwarded.
